Patios By B & B  
810 W. Katella Avenue  
Orange, CA 92867

Attn: Paul Goldman

Dear Paul,

We would like to extend our thanks and appreciation to you and your workers for your excellent workmanship and professionalism during the construction of our patio room.

When contracting to have any construction work done on a home, one always hopes for the best price, good quality, polite and conscientious and knowledgeable workers and a contractor who stays on top of the job throughout the entire installation and makes ~~it~~ happen without hitches and in the time frame promised. B & B Patios, you and your workers did all of that and more.

Miguel was so pleasant and polite to work with. It was clear that he and his crew took pride in working for B & B and satisfying us as customers. The same is to be said for all of the subcontractors you employ.

We are now enjoying the fabulous view our property offers because we now have our beautiful enclosed patio to relax in. We would highly recommend B & B Patios to everyone and anyone.

Sincerely,

Sam and Norma Milazzo
